

AMENDED IN SENATE APRIL 29, 1999

SENATE BILL

No. 589

Introduced by Senator Morrow

February 23, 1999

An act to add Section 52335.25 to the Education Code, relating to education, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

SB 589, as amended, Morrow. Education: regional occupational centers and programs.

~~(1) Existing~~

Existing law prescribes a formula for the apportionment of funds for regional occupational centers and programs (ROC/Ps). Existing law also requires the Superintendent of Public Instruction to calculate a revenue limit for each ROC/P in a prescribed manner.

This bill would require the Superintendent of Public Instruction to allocate funds to ROC/Ps that claim average daily attendance for vocational and occupational instruction to pupils who are incarcerated and enrolled in a county juvenile court school or on probation and enrolled in a county community school, *for every day on which a pupil receives at least a minimum day of instruction vocational and occupational instruction in addition to a minimum day of nonvocational and nonoccupational instruction in a county juvenile court school or county community school*. The bill would require that these funds be allocated to ROC/Ps at the statewide average revenue limit per unit of average daily attendance calculated by the superintendent pursuant to

existing law, that the total number of units of average daily attendance for which funding is allocated statewide pursuant to this bill not exceed 1,000 units of average daily attendance, unless that limit is increased in the annual Budget Act or other legislation, and that, in allocating funding for average daily attendance pursuant to the bill, the Superintendent of Public Instruction shall give first priority to fully funding those units of average daily attendance that were claimed by an ROC/P pursuant to the bill in the prior fiscal year. *The bill would appropriate \$2,800,000 from the General Fund for the purpose of funding average daily attendance claimed pursuant to its provisions.*

~~(2) The Budget Act of 1998 appropriated \$303,930,000 from the General Fund to the State Department of Education for apportionments to school districts for regional occupational centers and programs.~~

~~This bill would augment by \$2,569,000 the amount to be appropriated for this purpose in the Budget Act of 1998 in order to fund average daily attendance claimed under the bill.~~

To the extent the funds appropriated by this bill are, or would be deemed to be, allocated to a school district, as defined by existing law for purposes of Section 8 of Article XVI of the California Constitution, those funds may be applied toward the minimum funding requirements for school districts and community college districts imposed by Section 8 of Article XVI of the California Constitution.
